Instructions for Cutting.
Having pasted down the designs to the 3/16 in. wood proceed to cut all interior decoration. Now clean up the underneath surface of the wood, not the face bearing the paper pattern, and glue to this face the 1/8 in. linings or backs. Complete the mats by cutting through the two woods together to the outline. This method ensures a perfectly clean edge all round. Glue and pin the feet to the backs in positions shown.

PRINTED IN ENGLAND.

MAT A.

MAT B.
